MAEOE Green Leader Training

MAEOE

Benefits of being a Green Leader

- Join a network of Green Leaders
- Share your expertise
- Improve a school environment
- Impact global sustainability
- Empower youth
- Increase environmental awareness
- Lead environmental justice initiatives

What does a Green Leader Do?

A Green Leader will facilitate the continued growth and expansion of Maryland Green Schools because they will:

- Keep up to date on the MDGS program and resources that are available.
- Introduce schools to and excite schools about the Maryland Green School Program.
- Mentor and guide schools through their unique Maryland Green School journey.
- Celebrate the significant environmental improvements that Maryland Green Schools make within their communities

Process

- Identify a recertifying/new Green School
- Establish a school contact
- Conduct a Green School assessment and use this to identify where he/she will be needed most.
- Outline a work plan for your involvement with the school

What You Get in Return...

- Volunteer hours
- Access to the Green Leader Portal with resources
- Recognition on the MAEOE website, at annual MAEOE conference and Youth Summit
- Helping to create a new generation of environmentally literate citizens

Green Schools and Green Centers /

Green Leaders Are Our Ambassadors and Navigators

Volunteer to Make a Difference

Green Leaders are linked to a local Green Center and act as MAEOE's ambassadors and navigators for the Maryland Green Schools program by:

- introducing uncertified schools to the Maryland Green Schools program
- meeting with a school's Green School team as they work toward certification
- assisting at the annual Youth Summit
- volunteering as a Green Schools application reviewer

A Green Leader can be a parent, educator, student, naturalist, or anyone who is involved, committed and wants to make their community more sustainable. Other responsibilities of a Green Leader may include:

- staying up-to-date with the Green Schools application process and attend training every 1-2 years
- helping review the Green Schools program application before submitting it to MAEOE
- assisting the establishment of Sustainable Practices (Objective 2 of the Green Schools Application)
